Mr. Pattison's Speech.

The people of Ohio are in the grasp of a corrupt organization, dominated by a boss who demands absolute obedience; but, if I mistake not, they are ready to break away, and under the banner of the grand old Democratic party, including at least 100,000 independent Republicans who are now in revolt, they will turn the tyrants out and regain their freedom. The people, and especially the independent element of the Republican party, are aroused as they have never been before, and it is well for the people that they are, because unless this oligarchy of bosses and bosses' sons is overthrown, the condition of the Republican party will become more intolerable and the degradation of the people will be greater than ever.

The platform you have adopted is a most excellent one. The man who will win this great battle are mostly concerned at parties, but we shall have a warfare against dishonesty in public life, bosses and bossism, graft and bribery; that we shall fight to regain the rights of the individual and his rights as a citizen to have a voice in public affairs, to see that no special privileges or property of any kind shall be given to any individual or corporation without full compensation, and by a vote of the people, and that all property of every kind and nature shall bear its fair proportion of taxation, and that the people shall have the right to regulate their own affairs in any and every way not inconsistent with their best interests of the state.

It is proper that we should commend the president for his advocacy of the rights of the people. The interest he has taken in the happiness and purity of the American home, a high standard of morals and clean and useful citizenship, has won for him the esteem and good will of the people. But we have a man who is not president, but who could not be greater or more entitled in the hearts of the Democratic party if he were president, one who has grown greater and if possible more noble than he was, to us, years ago, William J. Bryan. Through his wise statesmanship, his superb and unequalled leadership and his lofty patriotism, he has become our inspiration and our ideal.

When I was in the state senate I was against the repeal of the so-called Sunday laws. I was against their repeal then and I would vote against their repeal now, believing that the great majority of the people of Ohio are in favor of the American Sunday and the Christian Sabbath, as the candidate of the great Democratic party I shall make no pledges to any association of individuals, league or anti-league, organized for the accomplishment of any particular purpose or for the promotion of any special interest, however worthy or unworthy I may believe the purpose to be.

Mr. Pattison, the nominee, is 57 years of age, a lawyer and insurance man. He lives at Milford, and has an office in Cincinnati. He saw service in the civil war and served a term in congress, as well as in the Ohio legislature.

TIRED OF POLITICS

Meaning of John R. McLean's Leaving National Committee.

Columbus, O., June 29.—Samuel E. Johnson, who has long been identified with John R. McLean's newspaper interest, said here yesterday evening that Mr. McLean's resignation from the Democratic National committee, presented to the convention yesterday meant his permanent retirement from politics. "He is tired of it," said Mr. Johnson, "and will never again take a personal interest in the game."

MOST DIABOLICAL

Was the Murder of Mrs. Katherine Hughes

TERRIBLE DISCOVERY

Is Made By Children of the Victim.

Community Is Horrified and Excitement Is Growing—Bloodhounds Located at Dayton Are Brought To the Scene—Early Arrest of Murderer Is Now Confidently Expected.

Zanesville, O., June 29.—Mrs. Katherine Hughes, wife of Simon Hughes, a Cooperdale, Coshocton county, miner, was the victim yesterday of a murder that was unspeakably brutal and novel in its execution. During the absence of her husband, about noon, Mrs. Hughes left her three small children to go to a spring 200 yards distant from her home. Failing to return within a reasonable time the children began a search for her. Near the spring they found shreds of clothing, side combs and false teeth. Neighbors were called and searching parties, consisting chiefly of women and girls, were organized, the men all being at work in the mines.

Three little girls made the gruesome discovery. Mrs. Hughes was discovered lying in a clump of bushes with her neck forced between the branches of a sapling so tightly that strangulation resulted. Bruises and abrasions were found upon the head, indicating that she had also been terribly beaten. There were no evidences of criminal assault.

The husband of the murdered woman was notified and soon arrived on the scene. His grief was terrible, and from his exclamations, it was at once evident that his suspicions were directed against a man, whom he said had loved his wife in her youth, and since her marriage had constantly endeavored to alienate her affections. This man is now under surveillance, but will not be arrested until more evidence develops. Mrs. Hughes was 38 years old, and was a remarkably handsome woman. She was held in the highest esteem by her neighbors. The crime has aroused the residents of the neighborhood to a

high pitch of excitement, and it may be necessary to take the suspected man into custody to prevent mob violence. The children of the murdered woman range in age from 3 to 11 years.

Just two weeks ago the Hughes home was burned to the ground under circumstances which indicated it to be the work of an incendiary. The family was away from home, and upon their return found the house and contents in ashes. They have since been living in a small out-house. Coroner Lear will hold an inquest today, and it is expected that some definite evidence will develop. Bloodhounds are expected from Dayton at noon.

BLOODHOUNDS ARRIVE.

Coshocton, O., June 29.—Coroner Lear telegraphs from Cooperdale this afternoon that the autopsy, on the remains of Mrs. Katherine Hughes, who was found dead at her home seven miles north of Dresden, showed that she had been murdered, and that it was not a case of suicide, as had been reported. The Dayton bloodhounds arrived here this afternoon at 2 o'clock, and an arrest is expected before sundown. A next door neighbor of the murdered woman is suspected of having committed the crime.

CONSPIRACY AMONG GUARDS.

Berlin, June 29.—The Morgen Post says a conspiracy among officers of the Russian Guards regiments has been discovered at St. Petersburg. The officers had planned to destroy the dangerous influence exerted by the grand ducal clique over the ear by killing Grand Duke Vladimir, who is held to be largely responsible for the policy of reaction pursued by the grand dukes.

ATTORNEY ATTEMPTS SUICIDE.

Bellevue, O., June 29.—George H. Withey, of Fremont, formerly prosecuting attorney of Sandusky county, attempted suicide in a hotel last night by shooting himself in the head. Failing health and eyesight were the causes. He may live, but he will be blind.

SEVERAL KILLED.

Birmingham, Ala., June 29.—A freight train on the Southern railway ran into the Louisville and Nashville work train returning from Boyles at 2 a. m., and it is reported several persons have been killed. The accident happened at First avenue and Twenty-seventh street.

BRYAN'S ANXIETY

To Get Letter to His Sweetheart Caused the Death of the Monon Foreman.

Indianapolis, June 29.—Because of his solicitude to get his daily letter off to his sweetheart, Clare J. Bryan, a Monon fireman of Indianapolis, was killed by the cars at Hammond last evening, and his mangled corpse now lies in the Emelring morgue. The sweetheart to whom the missive was addressed is Miss Maude Schuster of this city. His clothing and papers in his pockets were cut to pieces. But the love letter remained intact. Crazed with grief Miss Schuster started to run to the home of Bryan's parents to inform them of the tragedy but fell helpless in the street where her father found her. Bryan was 25 years old and had been in the Monon employ but six weeks.

LYNCHED BY WHOLESALE

Seven Negroes and One White Man are Tied to Fence Posts

Georgia Mob Then Riddles Bodies of Victims With Bullets—Four of the Negroes Were Charged With the Murder of Mr. and Mrs. Holbrook, and Three Others Were Suspected of Assaulting Mrs. Weldon Dooley.

Watkinsville, Ga., June 29.—Seven negroes and a white man were lynched last night by a mob of white citizens of this county. The mob formed about midnight, marched to the jail and compelled the jailer to deliver the keys.

The door was quickly opened and the mob took the following prisoners from the cellar: Lewis Robertson, Rich Robertson, Sandy Price, Claude Elder, Bob Harris, Joe Patterson, Jim Yearly and Lon Aycock. The latter white. The jailer was compelled to accompany the mob and the victims to the scene of the lynching. The men were tied to fenceposts and shot. Hundreds of shots were fired. Four negroes were charged with the murder of Frank Holbrook and wife. Aycock was charged with hiring the negroes to kill the Holbrooks. The other negroes were suspected of assaulting Mrs. Weldon Dooley.

The bodies hung in a cluster from the cross-bar of a telegraph pole swaying in the wind, greeted the first arrivals in the town today, the lynching being completed before daylight. The gruesome evidence of popular vengeance was left to strike terror into the lawless negro element which the whites of Watkinsville blame for the series of crimes the lynching was designed to end.

The authorities at Athens have informed the state government of the occurrence, but what steps will be taken to punish the men who took part in the lynching has not been decided.

The mob numbered 100 men. They gathered in accordance with an agreement, all armed and masked and bearing ropes. They went to the jail where the keeper locked the doors and made no effort further to guard the prisoners, and the lynchers were leading men of the town and his friends.

The jail door was soon broken open and the cowering negroes and lone white man dragged out. They were hurried to a neighboring pole in the town's public square and hanged one by one their bodies being riddled with bullets.

FAST TRAIN JUMPS TRACK

One Person Killed and Fifteen Injured In Wreck on the Pennsylvania Near Atwater, Ohio—Workmen Removed Rail and Failed To Flag Train In Time To Stop It—Dead and Injured Are Taken To Alliance.

Atwater, O., June 29.—One person was killed and 15 were hurt in a wreck on the Cleveland & Pittsburg Railroad, at 9:30 this morning. The train was a Pennsylvania flyer, eastbound, and jumped the tracks. The injured and dead are being taken to Alliance, Ohio.

It is said workmen removed a rail and failed to send back a flagman. The engine rolled over several times.

It develops that the flagman was not sent a sufficient distance to flag the passenger train in time for it to stop.

There were five coaches in the train. All but the last jumped the track. The injured were in the first coach. The dead man's name is Chapman. Engineer M. Baldwin of Alliance, is fatally hurt, also the fireman and a section hand.

J. D. ROCKEFELLER

Makes Gift of One Million Dollars to Yale University.

New Haven, Conn., June 29.—President Hadley of Yale announced at the alumni dinner that a gift of \$1,000,000 had been recently made by John D. Rockefeller. President Hadley also said that \$2,000,000 in all have been given to the university within a comparatively recent time the other million being subscribed by graduates in sums varying from \$50,000 to \$250,000. The name of the latter donors were not made public. President Hadley said that the only condition of any kind underlying Mr. Rockefeller's gift is that the money is to be invested in income-producing securities, and preferred mortgage bonds, and the income only to be used for current expenses.

TOWN WRECKED

And Several Persons Are Killed by Storm at Phillipsburg, Kansas.

Phillipsburg, Kan., June 29.—A violent storm did great damage here and in the surrounding country, eight persons being killed. The dead: Daniel Weaver farmer; Mrs. Alexander and two daughters; Mr. Morgan, a farmer, six miles north; Morgan's hired man; Elmer Lamb; an unknown woman. The houses of C. B. and M. Caswell, north of here, were destroyed, and the members of both families were injured. The body of Elmer Lamb was found in the ruins of his house. Many buildings were razed.

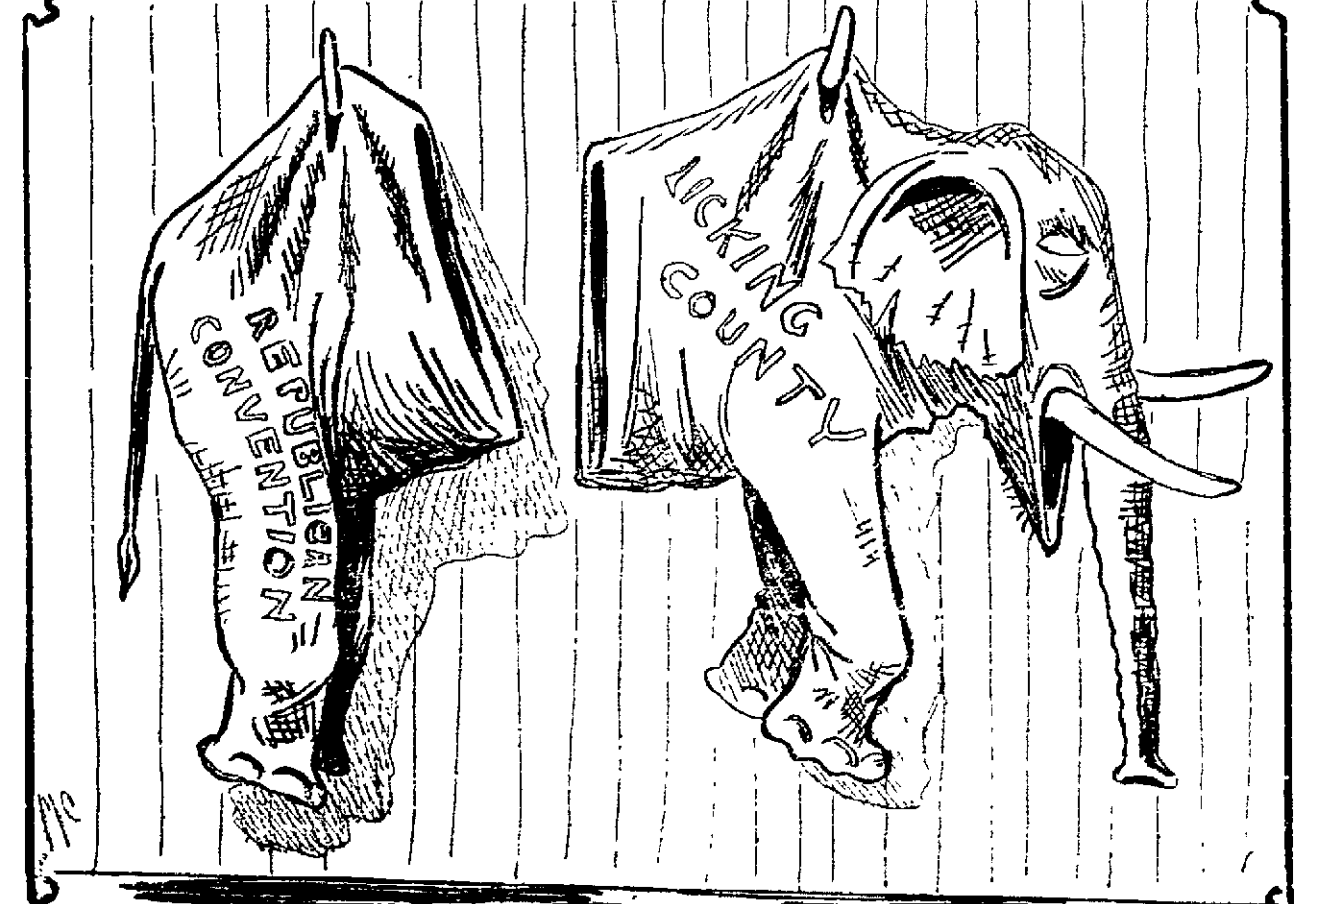

POWDER PLANT

Explodes Killing Nine Persons and Injuring a Dozen More.

Emporium, Pa., June 29.—Nine men were killed and from 12 to 15 others were injured by an explosion of dynamite at the plant of the Emporium Powder company, three miles west of this place. The dead men were all employed at the works. Although some of the injured were seriously hurt, all are expected to recover. About a ton of dynamite exploded, from some unknown cause, and wrecked the mixing plant, the packing house and several other buildings belonging to the company. Thousands of persons hurried to the place, but were afraid to venture close to the burning buildings, as there were 7,000 pounds of dynamite packed in boxes in a storehouse near by.

Ada Rohan, the actress, is stated to be suffering in London from an attack of appendicitis. An operation was postponed.

Mason Pitched Five Hit Game and Mt.
Vernon Worked Slow But New-
ark Could Not Win.

Mt. Vernon O. June 29.—The locals played a slow game yesterday, but Idlewild was unable to take advantage of this fact and was defeated 2 to 1. Neither pitcher was touched up very often and each got out of bad holes upon several occasions.

Mason opened the game by hitting Clarke, who was sacrificed to second by Ilger. Bobby moved to third on Riley's single to left and was "squeezed" over the plate by Humphreys, who hit a slow one to Wratten. Clarke was almost on the plate when Humphreys hit the ball and Wratten could use it at one place and that was at first. Niles struck out.

At the fifth fields drew a pass and Mason sacrificed him to second. Davis fanned, but Snyder's sharp two back to right scored the runner and tied the game up.

Miller led off with a single past short in the eighth and went to second when Wratten dropped an easy fly which left Hughie perch on the fly. Clarke sacrificed each up a pillow, Ilger fanned, Miller seemed doomed to die on third, but was finally scored on Riley's hunt hit. Collins taking third and then allowing himself to be caught on the old gag of coming in while a runner was being chased up and down the second base line, the ball being returned to the plate by McDonald, who had taken a short throw. Double play—Collins to Clarke to Goodrich.
Hit by pitcher—Wratten, Clarke.
Time—1:30. Umpire—Kelly.

NOTES.
Purcell was sent to bat in the ninth for Mason. A hit and an error had put two men on bases. There were two out and "Teddy" was there to save the day. He grounded to Collins. Fields fields right smart, but his hitting is weak.

Mason cannot hit at all. He twirled a nice game, however.
Kelly umpired nicely on the lines, but each pitcher was "welled" once or twice on decisions on balls and strikes.

The "squeeze" is a nice play when it can be worked, but it's awfully awful when it fails.

LANCASTER 3, CANTON 1.
Lancaster, O., June 29.—The Canton team went down to defeat before the local team here yesterday in first of a series of four games. Both teams played fast ball and Tomlin, formerly of Lima, who pitched his first game for the locals, was invincible. Plummer scored the only run for the visitors on a double and an error by Allen. Niles, O., June 28.—In the greatest game of ball ever played in the Mahoning Valley, Niles defeated Zanesville today by a score of 5 to 4 in 18 innings.

Zanesville had three scores at the end of the sixth inning and Niles two until the eighth and neither side was able to score again until the 18th when Drumm made a home run with one out. Niles came to bat and after mak-

ing one run, tying the score, and one man on base Delehanty put the ball over the fence for a home run, winning the game.

COSHOCTON TEAM
Plays in Newark Sunday And They
Actually Hope to Defeat Us.
Lamma Will Pitch.

The Fountains go to Newark Sunday for a game with the first salaried team of that city.

What? 2?
Sure Mike. We are going some. The challenge came to the local management Tuesday evening and the management at the Newark end of the wire said that Newark wanted Coshocton just like the baby in the ad wanted the patent medicine—"cried for it."

There is no doubt that a big crowd will be present and that a number of the faithful rooters from the Sign City will go along.
Beat 'em? Well, that would be telling, but the boys are going to make the effort of their lives to do the trick. Bill Lamma will be in the box for the locals and this morning opened up a fresh can of crooked curves to serve out.
Kummer will catch. The boys are trying to date Shawnee for Monday and thus make a circuit—Saturday at Dresden, Sunday at Newark (Monday at Shawnee and Tuesday at Crooksville—Coshocton Standard.

LIMA QUILTS
First of Independent Association to
Give Up the Ghost—Poor Attendance Given as Cause.

Lima has the honor, if it might be classed as such, of being the first independent team to go to the wall.

The pay roll of the Lima team was between \$800 and \$1000 and money was being lost every day. The trouble was the street car line ran to only within a quarter of a mile of the park. This was a great inconvenience and patrons refused to attend for that reason. The railway company at the opening of the season promised to extend its line to the park, but failed to do so. The Lima team was a fast one considering the salary limit and there are a number of good men on the team. Three members of the club left to join the Central league.

GOSSIP ABOUT PLAYERS.
Rachel Rudolph, recently released by Williamsport of the Tri-State league, has signed with Sharon.

Wilmot of the Canton team gave seven bases on balls in the Niles game of Tuesday.

A Zanesville scribe on the Times-Recorder, who seems to have it in for clever Tom Hulings, says he is to be released.

Bill Miller, the fast outfielder of the Zanesville team, has turned down a big offer from Buffalo.

Niles stole ten bases on Catcher Nist Tuesday. Something must have been wrong. Gorton took four, Cooper three and McClintock 2.

Core, the outfielder recently released by Canton, is playing left field for the Waynesburg Independents.

Pitcher Curt Elston is sick in bed at Sharon. The Zanesville team was compelled to leave him there when it left for Beaver Falls. His illness is not considered serious.

Fred Drumm of the Zanesville team would like very much to have Jimmy Cooper and Pitcher Stewart of Niles.

UNITED OWLS.
All members of the United Owls baseball team are requested to meet this evening on the Owl diamond.

UNITED OWLS CHALLENGE.
We hereby challenge the United Owls to play a game of baseball on their own grounds on Sunday afternoon, July 2. Joe Shaughnessy, Mgr. Moul Street Baseball team.

CHALLENGE IS ACCEPTED.
We accept the challenge of the M. & M. team, but we refuse to play them on their own grounds. We will play them on our grounds or any neutral grounds in the city. Games to be played on Sundays or holidays. Joseph Shaughnessy, Manager of the Moul Street. June 29, 1905.

AMATEUR GAMES.
The Twentieth Century Knights, the boys' club of the First Presbyterian church, has been challenged by a picked team from the junior department of the Y. M. C. A. for a baseball game to be played at the Y. M. C. A. picnic at Buckeye Lake Friday. The game will be an exciting one. The juniors are captained by Lester Black.

HOW HARRY HUNT WON HIS BRIDE.
Six put outs, eleven assists and five hits, including a triple and a home run won a bride for Harry E. Hunt, the shortstop of the Kent baseball team.

Miss Cornelia Phelps of Chardon is a dyed in the wool baseball fan. Hunt has always been her ideal on the Kent team. Several weeks ago she saw Hunt play against one of the strong Cleveland teams and he made the above record. That settled it. After the game she met Hunt and the pair have been almost inseparable since. The couple were married at Kent yesterday.

Hunt is well known in this city he having played here on a number of occasions with the Kent team when it was under the management of Elmer France. Hunt at that time played center field, and was a star. In appearance he is very much like Beau Brummell on and off the ball field, and Miss Phelps, now Mrs. Hunt, can't be blamed much for loving that man.

PRESIDENT MORTON AS ARBITRATOR.
President Charles Morton of the Independent association is in McKeesport trying to patch up the trouble between Braddock and McKeesport. He saw yesterday's game between the Ohio Works and McKeesport. He expects to take in the Homestead-Akron game today. Mr. Morton will meet the representatives of the Braddock and McKeesport teams this evening and it is believed the dispute brought about by the work of Empire Simms will be amicably settled.

"Mattie" Matteson, late of Lima, formerly of Coshocton and Mt. Vernon teams of last season, has been signed by the Massillon ball club. He was ordered to report at Homestead Pa., yesterday. The failure of the Lima team put a good bunch of ball players out of business and the Newark management might do well to inquire into matters. Donner, Lima's first baseman is looking for a berth. He's not too good for Newark. Both Matteson and Donner were in the game with Newark which lasted for eighteen innings.

CREW IN MUTINY

Standard of Revolt Unfurled
on Russian Warship

IN HARBOR OF ODESSA

Socialists Greatly Excited
Are Urging Disturbances.

Mutineers Slay Officers and It
Feared Other Ships of Black
Sea Fleet Will Join the Revolutionists—City Is in the Hands
of the Strikers.

St. Petersburg, June 29.—Alarming reports have reached here from Odessa to the effect that a provisional government has been established. A reign of terror prevails among the peaceful citizens who have taken no part in the riots, but who are in great fear for their lives. Private dispatches have been stopped by the censor and no authentic news is obtainable.

Berlin, June 29.—The correspondent of the Zeitung at Odessa telegraphs that the mutinous crew of the Kniaz Potemkin began a bombardment of the city this morning. The harbor works have been badly damaged, according to the correspondent.

Warsaw, June 29.—News of the revolt of the crew of the battleship Kniaz Potemkin and of the arrival of the vessel at Odessa became known here last night by means of a private message which escaped the censor.

The news spread rapidly and was soon known to socialist leaders. Meetings of socialists were quickly called, which were turned into jollification gatherings. Resolutions were adopted for the success of the "naval brothers."

The socialists have been greatly excited by the news and are urging their leaders to organize further disturbances out of sympathy for the Black Sea sailors.

The third attempt within 24 hours to assassinate the chief of police of Czenstochau was made last night when a bomb was thrown at the official as he was riding through the streets. The bomb exploded beneath his carriage. The horses were blown to pieces and the vehicle was wrecked, while the coachman was badly injured. The police chief however, escaped without a scratch. The perpetrator of the outrage escaped.

St. Petersburg, June 29.—More serious in its possible effects than all the defeats in Manchuria or the destruction of Rojstven'sky's fleet was the news which reached St. Petersburg that the standard of open rebellion was floating on board one of the emperor's battleships in the harbor of Odessa, and that with shotguns the mutinous crew, headed by eight officers, was holding the ship against all comers. The authorities are almost in a state of panic, and at the admiralty consternation reigns. Admiral Wrenius, chief of the general staff of the navy, said that the admiralty had received advices regarding the mutiny, but he was unable to give details. He frankly confessed that the situation was very grave and that he did not know what to expect.

The Kniaz Potemkin is a more powerful ship than any in Kruger's squadron, and the gravity of the situation is increased by the fact that the city is practically in the possession of the strikers, who, according to the dispatches, had already been encouraged to open resistance by the mutiny of the sailors and were erecting barricades and fighting the police and the troops in the streets. Should the sailors of Kruger's ships join the mutineers the government would have to face open revolution, which would spread like wildfire to other towns in the Black Sea littoral. The workmen of these towns, from whom sailors are largely recruited, are imbued with the Socialist and revolutionary propaganda. At Sebastopol less than a month ago disorders were suppressed with difficulty.

Ever since the war started ugly reports about the crews of the Black Sea fleet have been current. Men have been shot and even officers court-martialed for disobedience, and at Sebastopol 12 sailors were condemned to three years' imprisonment for mutiny. No better evidence of the spirit of the crews is needed than an official announcement made by the admiralty that Admiral Nebogatoff and the other officers who surrendered in the Sea of Japan would have to stand trial by court-martial upon their return. Practically all of the crews of the vessels which surrendered came from the Black Sea. The fact that Odessa is not a fortified port explains why the Kniaz Potemkin is able to lie in the harbor unmolested.

The news of the mutiny, coming

just at this time, when Poland is in a state of ferment, when agrarian disorders are coming to a head and when the government is attempting mobilization involving about 200,000 men, may easily precipitate a crisis.

POOR FOOD
And the Killing of a Sailor the Cause
of the Mutiny.

Odessa, June 29.—The red flag of revolution is hoisted at the masthead of the Kniaz Potemkin, Russia's most powerful battleship in the Black sea, which now lies in the harbor in the hands of mutineers. The captain and most of the officers were murdered and thrown overboard in the open sea, and the ship is completely in the possession of the crew and a few officers who have thrown in their lot with the mutineers. The guns of the Kniaz Potemkin are trained on the city, and in the street masses of striking workmen, who Wednesday fled before the volleys of the troops, are now inflamed by the spectacle of open revolution on board an imperial warship and are making a bold front against the military. All day long firing has been heard in many quarters of the city. A number of barricades have been erected and tumult and disorder reign. The main squadron of the Black sea fleet, consisting of the battleship George Pobedonostetz (George the Victorious), Tri Sviatela, Rostislav and Elaezrina II, with two cruisers, are expected to arrive here at any moment, and a regular naval battle is in prospect.

Reports of the mutiny, which occurred while the battleship was at sea, are hard to obtain, as the mutineers refuse to allow communication with the shore, but it is ascertained that it arose from the shooting of a sailor who was presenting, on behalf of the crew, a complaint against bad food.

A bomb was thrown in Cathedral place, killing its thrower and a policeman. A telegram from the mayor of Odessa, who is at Moscow, imploring the citizens to restore order, has been posted throughout the city. During the day one of the torpedo boats which accompanied the Kniaz Potemkin came into harbor and seized the Russian steamer Escheranz. She was laden with 2,000 tons of coal, which the battleship is taking on board.

Shipping in Flames.
London, June 29.—A dispatch to a news agency from Odessa says that all the shipping in the harbor is in flames and that the mutinous crew on the battleship Kniaz Potemkin fired a shell, killing four Cossacks and wounding 17.

BOWLING.
Pearley Titus and Matt Hart won the two man team bowling contest at the Music Hall alleys last night. Titus and Hart won five straight out of six games, defeating Dick Dold and "Fatty" Miles. Titus rolled the highest score, 237 points. The lowest was rolled by Dold, when only 45 points were scored. The same men will roll ten games July 1.

A Fearful Fate.
It is a fearful fate to have to endure the terrible torture of Piles. "I can truthfully say," writes Harry Colson, of Masonville, Ia., "that for Blind, Bleeding, Itching and Protruding Piles, Bucklen's Arnica Salve, is the best cure made." Also best for cuts, burns and injuries. 25c at Hall's drug store.

THREE BURNED TO DEATH.
Rolla, Mo., June 29.—News has just been received here by the telephone from Licking that the Collier Hotel burned at that place last night. Mrs. L. Shelp and little daughter Harriet, and a drummer whose name is unknown were burned to death. Mrs. Shelp was the wife of Dr. V. L. Shelp a dentist at Rolla.

Train Derailed.
Washington, June 29.—Train No. 38, known as the Washington and Southwestern limited of the Southern railway, bound north, was derailed at Springfield, Va. No one was killed, and so far as can be learned only three were injured. Teifer Stockton of Jacksonville, Fla., received a cut on the leg and hand; Miss Alice Hutchinson of Leesburg, Va., was slightly bruised, and a boy, the son of Rev. William Tuener of Atlanta, Ga., was slightly cut on the head.

Cornell Won.
Poughkeepsie, N. Y., June 29.—Cornell regained her prestige in intercollegiate rowing affairs by winning with utmost ease the "varsity eight-oar" and freshman eight-oar race in the intercollegiate regatta.

Demand Territory.
Tokyo, June 29.—The committee of the constitutional party, of which Marquis Saionji is president, met and passed the following resolution: "Now that the question of concluding peace has been brought up, it is not necessary to state the terms of peace in detail. We yet deem it necessary and opportune to declare that, for the sake of realizing the aim and purpose of the war, as stated at the declaration of hostilities, and also for the sake of securing a future guarantee in the interest of our empire, as well as for planting peace in the extreme east on a permanent basis, the cession of territory and the repayment of the outlays caused by the war be demanded, and the Korean and Manchurian questions definitely and clearly settled." The leaders of the constitutional party, after taking this action, interviewed Premier Katsura and presented the resolution.

Two Men Asleep on Track.
Charleston, W. Va., June 29.—John Simmons and John Ellins were struck by a freight train at Morris Creek, near here, and instantly killed. The men were lying on the track asleep.

Bride's Cruel Death.
Philadelphia, June 29.—Mrs. Ethel Potts, a bride of seven weeks, was burned to death in her home at 5029 Tacoma street. Her clothing took fire from a gas stove, and despite the efforts of Thomas Forren, a plumber, to save her, she was so badly burned that death resulted soon after the accident. Forren was also severely burned.

To Organize Ball Players.
Detroit, Mich., June 29.—An attempt is being made to organize an international union of professional baseball players affiliated with the American Federation of Labor, according to letters received by members of the Detroit American league baseball team. The letters are signed by Herman Robertson, organizer of the American Federation of Labor, and say that it is intended that the proposed association shall be known as the International Association of Professional Baseball Players of America, and that it will include in its membership all the professional ball players in the United States and Canada.

Tactics of Linevitch.

Tokyo, June 29.—The following special dispatch has been received from Mojo: General Linevitch is following tactics different from those of General Kuropatkin, and is presenting his army with narrow front instead of with extended flanks. The reinforcements received from European Russia have been barely sufficient to fill the gap caused by the defeat at Mukden. An outbreak of dysentery at Harbin has made it necessary to send 1,000 patients to Tsitsikar, where extensive hospital accommodations are being built. Spies from the army of General Linevitch are being arrested daily by the Japanese, those in custody now numbering between 30 and 40. A Chinese officer with headquarters at Pailengkeng is alleged to be serving the interests of Russia by sending out spies, whose number is said to be fully 2,000.

Plot to Destroy Bridge.
Harbin, Manchuria, June 29.—A desperate plot to destroy the bridge over the Sungari river has been frustrated in time. Under orders from the Japanese a number of Chinese bandits had been for some time quietly assembling in the village of Fudaden to execute the enterprise. Upon information given by an informer the village was surrounded and 450 bandits armed with rifles and revolvers and a large quantity of dynamite were captured. The loss of this bridge might have proved an irreparable disaster in the event of General Linevitch being defeated south of the river.

Gypsies Alleged Cannibals.
Vienna, June 29.—Under the terrible charge of having killed and eaten many children whom they had stolen, 20 gypsies have been arrested near Jasberney, Hungary. The leader of the band alone is alleged to have eaten 18 children.

Speaker Henderson Stricken.
Dubuque, Ia., June 29.—Former Speaker Henderson has had two strokes of paralysis and is in a serious condition. The side having the leg upon which he depended is affected.

Liabilities Three Millions.
Chicago, June 29.—The failure of the grain and stock brokerage firm of Knight, Donnelly & Company, which occurred several days ago, has assumed gigantic proportions. Although Receiver Potter has not yet finished examination of the books of the concern, enough was learned to approximate the liabilities. They will aggregate not far from \$3,000,000. The assets may sum up \$2,500,000, although these may dwindle considerably owing to the character of many of the loans made by the firm.

Painters, Decorators, Etc.
It is very important that every painter, paper hanger and decorator in the city be present at the open meeting to be held in Labor Hall Thursday evening, June 29, at 7:30 o'clock. All come. Business if important. John A. Donahue, District Organizer. 27-3t

Mr. Lippincott Ill.
Mr. Thomas Lippincott the veteran hackman, is seriously ill at his home, 20 Jefferson street. Mr. Lippincott has been suffering for some time and his friends in the city will be very sorry to learn that Mr. Lippincott will probably be confined to his house for some time.

Stole Several Tools.
An affidavit charging C. Spence with stealing a chisel and other tools from C. W. Hull, a stonemason, has been filed. The case was continued until Spence, who is serving a sentence on the stone pile, is released. The chisel was found by the officers at the pawn shop, where Spence had pawned it.

May be Dismissed.
The Smith-Dean forgery case will, in all probability, not come to trial. The parties in the case are all relatives and an effort is being made by the members of the family to raise the amount of money involved, \$20, and thus heal the wound in Smith's pocketbook caused by the alleged forgery. The indications are that the case will be dismissed for want of prosecution.

Outing at the Lake.
The Retail Furniture Dealers' association at a meeting held Tuesday night, decided to hold its annual outing July 28, at Buckeye Lake. Dealers from Cambridge, Zanesville, Newark, Delaware and Dayton will be invited to join in the outing. Another matter taken up was that of half holidays. During the months of July and August it was decided that stores should be closed at noon Saturday.—Columbus Dispatch

Man Left Town.
Another chapter in the White-Walker difficulty was added yesterday when Thomas White filed an affidavit against Charles Walker charging him with using profane language and provoking a breach of the peace. When the officer went to Walker's home to serve the warrant it was found that he had left, having anticipated the trouble. Both men are employees of the Hotel Warden, where the difficulty occurred. White was fined in police court last week for throwing a cooking fork at Walker, when the latter "cussed" him.

Mr. Charles Wright, who has been employed as clerk in the Interurban office here for some time, leaves on Thursday night for Pasadena, Cal., where he expects to make his future home. PRESIDENT NOW ON A VACATION

Roosevelt Makes a Brief Speech to the Citizens of Bridgeport, Conn., This Morning.

Bridgeport, Conn., June 29.—Amid the booming of the cannon and the shrieking of whistles the President's train rolled into the Bridgeport station from Boston this morning at 7:28. He was met at the station by Mayor Mulvihill, the board of aldermen and other distinguished citizens and was escorted by a squad of police to the end of the station platform where a temporary stage had been erected.

The President was surrounded by a half dozen secret service men to whom he seemed to pay little attention. The President was introduced to the immense crowd of people who had assembled below on the bank in the rear of the station, by Mayor Mulvihill. The President said: "Yesterday was the 25th anniversary of my graduation. I had a poem with my class and I am a little hoarse, but you will excuse it. I know I wish to say how glad I am to see all of you and how touched I am to see our fellow citizen out there pointing to a bear, which had been brought onto the stage. I am glad he was not in Colorado." Laughter and applause.

Thousands of Rounds.
There will be 36,000 rounds of ammunition issued to the Fourth regiment when it goes to camp and the officers expect that all of it will be used. The rifle practice is intended by the officers to demonstrate the good resulting from the teaching of the theory of rifle use for several months prior to going into camp. If the marksmanship is up to the anticipated standard it is probable that the range of the teaching will be extended considerably.

Interesting Salvationist Coming.
Joe, the Turk, one of the most famous characters in the Salvation Army, will visit Newark on Wednesday, Thursday and Friday of next week. Joe is of Armenian parentage, but was born in Constantinople. He is a man who has been confined to prison 49 times, and now is an ardent advocate of Christianity as interpreted by the Salvation Army. At any rate no other candidate came out of the fight at Columbus with more respect and affection than did Judge Samuel M. Hunter. His delegation was a loyal one and stood by him to a finish.

Hon. L. B. Houck of Mr. Vernon is almost as well known in Newark and Licking county as he is in his home county. His nomination for Lieutenant Governor is an ideal one. He is not only one of the best talkers in Ohio but is thoroughly posted on the intricacies of the Herrick-Dick-Cox regime.

It is remarkable that convention orators generally spoil the effect of their speeches by talking too long.

Judge H. D. Peck of Cincinnati vindicated his reputation as being one of the "grand old men" of the party.

Judge B. F. McCann is a "comer" all right and is a good man for the people to "keep their eye on." Ed. Hanley's speech placing him in nomination was "one of the best" of the convention.

Hon. John C. Welty was one of the elegant and polished figures of the Columbus convention. There are honors still in store for Mr. Welty.

Ed. Kibler struck a dozen keynotes in his speech nominating Judge Hunter.

The Pattison organization was one of the greatest ever effected by an

Ohio Democrat. It was invincible and persuasive without being tyrannical.

The delegation from Licking county was one of the strongest in the convention. Several youngsters on it won the reputation of being hustlers.

Pattison For Governor.

John M. Pattison of Clermont county was nominated Wednesday at Columbus as the candidate of the Democracy of Ohio for governor.

The ticket in its entirety is one of the best that any party has ever placed before the people of Ohio for their suffrages. The utter impossibility of making any mistake in selecting a candidate from the splendid list of aspirants made the work of the convention in one respect an easy one, and in another quite difficult.

From the standpoint of availability and character no mistake could have been made. To choose from such a magnificent array of men was far from easy.

The head of the ticket, Mr. Pattison, comes before the people of Ohio with an achievement to his credit unprecedented in the history of Ohio politics: Never at any stage of the conflict did he need one vote from any one of the five great counties of the state. He had the convention and the nomination without necessary help from Hamilton or Cuyahoga or Lucas or Franklin or Montgomery. No Republican or Democratic candidate for governor has ever before been able to do what Mr. Pattison did Wednesday.

With an organization superb in its completeness, the Pattison phalanx was the one against which "the field" worked. The field lost, and while there are regrets only personal in their nature, among the friends of the other candidates, there is neither resentment nor bitterness, and an united Democracy is today in the fray for the success of the whole ticket.

Of the convention itself it may well be said that never has a finer body of men ever assembled in this State. Every man was there with one sole and animating purpose: To do the best thing for the party and for the people of Ohio. There was one dominating note throughout the program of the convention and that was: The deliverance of this state from the grafters and the bosses that have sought to sully her fair name.

The Advocate believes that the ticket nominated will gloriously triumph and that the revolt that is now on in this state on the part of Republicans as well as Democrats will rise to the might and dignity of revolution in November.

Hunter's Honorable Candidacy.

Judge Samuel M. Hunter emerged from the gubernatorial conflict of Columbus as one of the conspicuous and favorite figures of the Ohio Democracy.

That he was not chosen to lead the Democratic hosts in the coming campaign is no disparagement to his strength or his standing with his party. Without organization beyond the voluntary affection and loyalty of his friends, what he might have done, had he started his canvass earlier and with a regiment of workers going up and down the state, is not difficult to guess. Judge Hunter made no campaign after the manner of the other candidates. He had no literary bureau, and in fact made no effort in the way of effecting an organization. But he was the "Dark Horse" most generally and favorably discussed in the preliminary conferences. Had Mr. Pattison fallen short of enough votes to land winner, Judge Hunter's position and influence were such that in the break-up he would probably have been the voluntary choice of delegates in the convention. It was early seen, however, that the men contesting with Pattison for the nomination were up against an organization that stood like a stone wall for their favorite and that there would be but the slightest possibility of breaking the line.

Neither Judge Hunter nor his friends need make any apology for the vote he received. They went down in honorable defeat and the Licking county Democracy came forth from the contest with a standing that will command ample and generous recognition in the future.

So Mote It Be.

Editor Advocate:—With John M. Pattison at the head of the Democratic ticket, doesn't it look as if Myron T. Herrick would be Governor of Ohio by the grace of Mark Hanna for two full years—and no more? X. Y. Z.

THE DEMOCRATIC PLATFORM.

The Democracy of Ohio in convention assembled announce the following declaration of principles:

We note with satisfaction the determination of the national administration to purchase supplies for the Panama canal in the markets of the world, and not pay tribute to our protected monopolies. We trust that the day may soon come when our countrymen may enjoy the same privilege and not be compelled to pay the manufacturers for these necessities of life a higher price than these same articles are sold for by the same manufacturers to foreign purchasers.

We demand of our representatives in congress to add in the enactment of such laws as will prevent all rebates and secret contracts by railroads and will guarantee the same service to every citizen.

We favor the conferring upon the interstate commerce commission the power when it finds a rate unreasonable to set a reasonable rate.

The Democracy pledges itself in this state election, if successful, to use its utmost endeavor to eliminate the graft and political corruption that has been nourished and fastened upon the state by the Republican party in the last few years. We have seen the blighting effect of boss rule in one of our cities, and we call upon the voters irrespective of party, to unite in preventing its permanent lodgment in control of our state.

We demand that the laws shall be so amended that the revenue necessary for the expenses of the state shall be raised without calling upon the counties for a levy and thereby secure for each county home rule in taxation, i. e., every county will have only what it needs for its own expenses and its citizens' interests.

We declare that the present laws for assessing the property of steam railroads and other public service corporations should be so changed as to compel the assessment and listing of such property at less than their actual value as going concerns, and to prevent their evasion of just taxation.

We demand that the legislature shall enact such laws as will enable a tax to be levied on local franchises in lieu of an other property which now, although of great value, pay nothing toward the burdens of local governments.

The Democracy party now, as in the past, guarantees to each and every citizen equal rights and protection and to each and every individual the greatest liberty possible consistent with general good and the proper consideration of the rights of others.

We believe in free and unqualified home rule free from state interference. Each city, town and village should be allowed to decide for itself all matters of local policy, especially as between public or private ownership of all public utilities, including street railways, as well as water works and lighting systems and that provision should be made for submitting such questions to the people upon request from a reasonable number of voters and at such elections the votes of a majority shall decide. Such public ownership should be secured by the merit system of appointment and tenure of office, so as to prevent the building up of political machines and the perpetuation of boss rule.

We condemn the existing upon the state of a discredited and burdensome school code and demand its immediate repeal, and we also protest against that provision of the school code by which nearly \$200,000 of school funds are annually diverted from their proper use and into the pockets of county auditors in the form of unearned fees.

We are in favor of the retention, maintenance and improvement of the canal system of the state. We condemn the action of the governor in using his office and influence to further the passage of

what was known as the "Electric Mile Bill" and his action in then the legislature had defeated this measure by public works to extend the base of the Miami and Erie Canal Transportation company, after it had been shown that it was both corrupt and bankrupt. We further arraign his administration because it has not taken any steps to prevent the same thing from happening again.

We condemn the unfair treatment of the agricultural interests of the state at the hands of the Republican party. We denounce the party for its meager appropriation by its legislature for agricultural purposes and the wholesale voting of the same by the governor.

We condemn the present fee system and demand the enactment of a reasonable salary law.

We favor the rigid inspection and supervision of state and private banks under the giving up or accepting by public officials of railroad passes.

We favor the election of United States senators by the direct vote of the people.

We favor the initiative and referendum, especially with reference to the issuing of bonds and the granting of public franchises. No franchise extension or renewal thereof should be granted by any county, city or village without first submitting the same to a vote of the people.

In order to secure purity in elections, we favor the removal of all special limitations as to time within which criminal prosecutions may be begun for bribery in elections.

Two amendments to the constitution are proposed for the consideration of the voters: One, exempting city, village, hamlet, county, township and school bonds from taxation. The other, providing for biennial elections for state, county and local officers. We believe that the former will give a larger opportunity to the home investor, result to the advantage of the local subdivisions of the state in the sale of bonds and provide a wider market. The latter amendment will displace local municipal officers from consideration of state and federal policies and promote independence in the electorate. We therefore favor the adoption of both amendments and direct the officers of this convention to certify such amendments to the voters of the state to be placed upon the ballot.

In conclusion we ask the people of the state in this election, which involves no national issues, to join with us in relieving our state of the tyrannical that has it in control, who have grown arrogant and corrupt, who have multiplied offices to make places for their friends; who have refused to save the money of the people by substituting salaries for fees in county offices; who have swollen the expense of the administration of the government of the state to double what it was under the last Democratic administration, and who, to meet these expenses, have devised various new ways to tax the living and the dead, swamping the general levy down to the people, and continue their extravagant rule. They have abolished spring elections for a like purpose and placed restrictions upon the official ballot. They have rendered the judicial districts, in fact they have hesitated at nothing, which would aid their devilish machinery, which has so successfully enabled them to maintain their hold upon certain municipalities and which now they propose to apply to the whole state.

Resolved, That the incoming state central committee require in counties containing cities, delegates to the state convention to be selected by primaries or delegate conventions to be selected by primaries in order that there may be no cause for factional disputes in the future.

SKULL OF MASHER

Was Cracked Under the Fierce Blows of an Angry Woman in New York City.

New York, June 29.—In a rage over the attempt of a would-be masher to kiss her yesterday afternoon, pretty Mrs. Katherine Eiseld, of No. 243 Stockholm street, Brooklyn, struck the man twice on the jaw, knocking him down. His skull was fractured as his head hit the curb.

The victim of Mrs. Eiseld's ire, John Haverling, a fireman on the steamship St. Paul, is now in the Hudson street hospital, in a serious condition.

When he recovers he will be arrested on a warrant issued by Magistrate Poole, in the Center street court, charging him with disorderly conduct. A policeman arrested Mrs. Eiseld, but Magistrate Poole discharged her and issued a warrant for Haverling.

NO CHANGE

In Strike Situation at The Wehrle Foundry—Arbitration Board Holds Secret Meetings.

The situation in the strike at the Wehrle foundry continues unchanged. The persistent rumors afloat regarding the closing down of the foundry are just as persistently denied by the officials at the foundry. Last night passed off quietly at the foundry and no violence was attempted. The new men employed are being housed and fed at the foundry and the police protection continues.

Several meetings of the board of arbitration of the Trades and Labor Council have been secretly held during the past few days, when efforts were made to settle the matter. A representative of the Wehrle company was present at these meetings, but what propositions were exchanged are not made public. It is said that an effort to involve the other organizations at the foundry has failed, and that the polishers and buffers will fight it out alone. Meanwhile the foundry continues to operate all its departments, but with what degree of success is not known.

The babe was found lying on her back, kicking and crying lustily, when the train backed up to the point, and she was picked up. Physicians who were on the train carefully examined her and discovered that she had sustained only a few minor cuts and bruises.

BIG DEER

Leaped on a Car of a Flying Train to Escape a Hound.

A deer story comes from Thetford, a small village on the Passumpsic division of the Boston and Maine railroad, says the Montpelier, Vt., correspondent of the New York World.

A freight train, north bound, was running easily down a slight grade after leaving Thetford, when the engineer heard about the noise of his locomotive the sharp baying of a hound. He slowed down a little as he was approaching a wooded cut and believed a dog was driving cows toward the track.

As the train neared the fringe of the wood the engine driver caught a glimpse of a big doe heading straight for the cut. Evidently she was being chased by the hound, and, knowing that she would not stop at anything and fearing that he could not stop the train, he opened the throttle and shot ahead. He was trying to get by ahead of the dog, but the animal was too fleet of foot, and as the train shot through the cut both engineer and fireman were astounded to see the doe leap on an open flat car.

"Keep her going until I can get back to her," shouted the fireman, who had already begun to scramble over the tender. "Keep up speed and she won't jump."

The engineer opened the throttle another notch and the train was soon bumping along at the rate of 30 miles an hour. In the mean time the conductor and rear brakeman, whose attention had been attracted by the increased speed, climbed to the top of the caboose to ascertain the reason, and saw the doe frantically running up and down the car. She peered over first one side and then the other, and, as it was plain that she was going to jump anyhow, the conductor signaled the engineer to slow down.

The engineer put on brakes and, procuring a rope the trainmen started to capture the deer alive. As soon as the now thoroughly alarmed animal saw her new danger, she pressed forward over three flat cars with such force that she fell to the floor. This was the signal for the would-be captors and the three men were soon on top of her. They took good care not to injure the doe, but she was not so considerate. The rear brakeman was kicked in the stomach, the conductor received a black eye and the fireman was cut about the legs by the deer's sharp fore hoofs.

They had just succeeded in getting the rope around the animal's shoulders and were waiting for the train to come to a full stop when the deer made a final supreme effort to escape and landed between the floor and flat car. An instant later her neck was broken. When the train finally came to a stand, the carcass was loaded aboard and taken to Lyndonville where the matter was reported to State Fish and Game Warden Thomas. The trainmen say they intended to liberate the deer, but first wanted the fun of catching it alive.

Deafness Cannot be Cured.
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. PRETTY WIFE

Of Charles Frazier Skips With Her Now Desolate Husband's Nephew.

Wheeling, W. Va., June 28.—Hypnotized by her husband's nephew, after a day's acquaintance, is alleged by Charles Frazier, of Chester, W. Va., to be the real cause of the departure of his handsome wife.

Fred Dewees, the nephew, and Mrs. Frazier have been missing since Monday. Frazier was in Wheeling yesterday and exhibited to the police the following note, written by his wife, and left in her home:

"Dear Husband:—May God forgive me, for I do not think you can. Your loving wife."

Frazier says his nephew came from East Liverpool and applied to him for assistance. Frazier gave the young man, a note to his wife. The nephew called at the Frazier home, and the next day they eloped.

The Fraziers recently moved to Chester from Mason, W. Va., and the infuriated husband says he thinks his wife may have returned to her former home. She is about 33 years old, and is said to be strikingly handsome and well educated. She has several children. The woman never met Dewees until the morning he called with the note.

WEDDINGS.

MOSTELLER-PITZER.

The marriage of Miss Ethel Pitzer and Mr. Fred Mosteller was solemnized Tuesday evening at 5:30 o'clock at the home of the bride's parents, Mr. and Mrs. A. R. Pitzer on Hudson avenue. The wedding was an extremely pretty affair, each appointment testifying to the artistic taste of the bride. The bride and groom stood in the front parlor under a bower of daisies and lilacs, where Rev. L. P. Franklin, reading the impressive Episcopal ring service performed the wedding ceremony. Miss Shirley Pitzer and Mr. Frank Webb were the only attendants.

The bride was lovely in a gown of soft white silk, with orange blossoms in her hair. Miss Shirley Pitzer's gown was of white embroidered mull.

After the ceremony an elaborate course dinner was served. The decorations of the bridal table were white, the surrounding tables being decorated in pink. Only the immediate families were present, the guests being Mr. and Mrs. J. A. Mosteller, Mr. and Mrs. Charles McQuider, Mr. and Mrs. Channing Thompson, Mrs. Fred Seymour, Mrs. Mary Ball, Mrs. Kate McEwan, Misses Eva and Carrie Mosteller and Miss Josephine Veach.

Both Mr. and Mrs. Mosteller have always been popular in Newark society. Mr. Mosteller being prominent in musical circles—a violinist of excellent attainments. Mrs. Mosteller has unusual artistic ability and is a painter of considerable merit, her work being along the lines of decorating.

Mr. and Mrs. Mosteller left Tuesday evening for a wedding trip to the Lakes. After their return, they will spend the summer at Roseville where Mr. Mosteller is engaged in superintending the construction of an electric road in that section of the country.

PECK-THRAPP.

At the residence of Dr. J. C. Schiff, pastor of St. Paul's Lutheran church of this city, Mr. F. O. Peck, a popular B. & O. fireman, and Mrs. Emily Thrapp, an estimable young woman of this city, were united in marriage on Wednesday evening, being accompanied by Jack Woole, brother of the bride. The happy couple left Thursday morning for Troy, O., where they will spend a week with relatives of the groom, after which they will return to Newark, where they will go to house-keeping at 134 South Fourth street. They have the best wishes of many friends.

PRATHER-BIERLY.

Friends in the city have received announcements of the marriage of Miss Mabel Bierly and Mr. William Ernest Prather, Wednesday, June 21, at New York City. Miss Bierly is the daughter of the late Mr. John Bierly of this city and his many friends here.

KING-BEECHER.

The wedding of Miss Anna Augusta Beecher, daughter of Mr. and Mrs. Julius S. Beecher, and Mr. Albert Edward King, at the home of the bride, was one of the most brilliant affairs of the season. A large number of guests witnessed the ceremony, which took place at 8 o'clock. At the stated hour, Miss Mary Baldwin, at the piano, played the wedding march, and the bridal party descended the stairs. First came the ribbon bearers, Miss Lillian Latimer and Miss Minnie Slaughter gowned in dainty white, and formed an aisle to the bay window in the front parlor. After the ribbon bearers came the groom with his best man, Mr. Harry Davis, who were followed by the maid of honor, Miss Louise Beecher, who wore a beautiful robe of cream lace over yellow chiffon, and carried a large bouquet of sweet peas. The bride followed on the arm of her father, and Rev. T. A. Cogrove performed the ceremony, using the impressive ring service. The bay window was a veritable bower, the bridal couple standing beneath an immense bell of daisies.

The bride's dress was white lace over white chiffon and silk and she carried a bouquet of bride's roses. The long tulle bridal veil was fastened to the hair with a wreath of white roses. The gift of the groom to the bride was a beautiful necklace of sapphires and pearls, while the bride's gift to the groom was a signet ring.

After the ceremony Mr. and Mrs. King were showered with congratulations, after which an elaborate wedding supper was served.

The bride's table in the dining room was beautiful with a tablecloth festooned from the chandeliers to the center of the table, where an immense bowl of sweet peas was placed, from which extended yellow ribbons to the edge of the table. Dainty heart shaped place cards designated the places. Those seated at the bridal table were:

Mr. and Mrs. King, Miss Josephine Veach, Miss Mary Baldwin, Miss Lillian Latimer, Miss Louise Beecher, Miss Minnie Slaughter and Miss Eva Sullivan of Columbus; Miss Grace Phelps of Dayton, Mr. Harry Davis, Mr. Charles Flory, Mr. Will Foss, Mr. Jesse Edgar, Dr. Corne, Dr. DeCraw and Mr. Joseph Meriam of Columbus.

When the bride's cake was cut it was found that Miss Sullivan had received the ring, Miss Sullivan the coin, Mr. Foss the button and Dr. Corne the thimble. The bride was then blindfolded and the maid encircling her, decapitated to catch the bouquet which she threw and was gracefully caught by Miss Phelps.

The out of town guests were: Mr. Edward Meriam and children, Miss Marie and Master Albert and Mr. Jos-

eph Meriam of Columbus, Mr. Joseph Webb, Mr. and Mrs. Willis Beecher, Miss Grace Phelps, Miss Eva Sullivan, Miss Minnie Sullivan, Mr. F. D. Sullivan, Mr. J. L. Flynn, of Columbus; Mrs. Bloomer of Marysville; Mrs. Parmaton and Miss Parmaton of Grandville; Mr. and Mrs. Carter Wilcox, Mrs. Zina Wilcox, Miss Lois Wilcox, of Kirkersville; Dr. and Mrs. F. P. LIVING THIEF

Is Officially Dead and Buried To the French Authorities.

Eddie Guerin, the Chicago criminal, is not dead. He was seen in this city but is now in New York city, says the New York World.

Guerin, who was rescued from a penal colony in French Guiana, where he was serving his fourth year in a life sentence for robbery in Paris, is dead—that is, he is dead officially. The prison records at the Island of Cayenne, and also the records of the prefect of the Paris police, show that he died of fever and was buried in the little convict cemetery at Cayenne.

Cost Guerin's friends in the United States a big sum to have him "officially buried" and so far as the government of France is concerned there will be no attempt to resuscitate him unless he again puts foot in French territory.

A friend of Guerin who saw him when under cover says:

"Guerin had been two or three weeks, and I had a long talk with him as to how he 'beat' the island. Fifty thousand francs was raised in Chicago and New York among Guerin's friends, one man, a near relative of Eddie giving \$1,000 to be used in effecting the rescue. Whether Pat Sheedy handled the money and engineered the job I don't know, but the rescue fund, by some means, reached the prison officials.

"Guerin had been transferred from the Isle du Salut, where he was sentenced to life imprisonment to Cayenne island, because the rescue could be more easily effected at Cayenne. After everything was fixed for the 'get away' Guerin had to die. He was taken sick with fever, and the records show that he died in April. He is as dead as a mackerel, and there will be no difficulty in proving it, because it is a fact so far as the prison officials are concerned.

"A tramp steamer came along the French Guiana coast about the time that Guerin died and the captain was in on the rescue, and picked up Guerin who, under the cover of darkness rowed out from shore. Eddie got aboard the vessel and was landed at a point from which he sailed for New York.

"No more of that penal colony for him, he says, even if he has to work for \$1.50 a day in the ditch. His intention is to start a roadhouse or saloon in some quiet spot and keep as far away from France as he can."

Guerin was arrested in Paris in May, 1901, for the stealing of 30,000 francs, about \$6,000, from the American Express company's office in that city. With an accomplice who escaped Guerin entered the express office and thrusting two revolvers in the face of the cashier, took the money from an open safe. He was arrested the next day with part of the proceeds. Ten years before this exploit he was arrested for robbing the Bank of Lyons, France, of \$50,000 and was sentenced to eight years in the Marseille prison.

The Paris prefect of police recognized Guerin after his arrest for the express company robbery as the man who robbed the Lyons bank. He communicated with William A. Pinkerton of Chicago, asking for Guerin's picture and record, which were sent. According to French criminal practice, a penal servitude of not less than 25 years is dealt out to second offenders, robbers, and Guerin was given the maximum penalty, which is life.

Twenty-five years ago, when Guerin was just starting on his criminal career, he shot Detective Thomas T. Kearns, of the Chicago police, in a saloon at Congress and Halsted streets. He escaped and the next heart of him was his arrest at Allegheny, Pa., for a bank robbery. After his release from prison he went to Europe. Guerin is 45 years old.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He said: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased condition of Throat and Lungs. At Hall's Drug Store; price 50c and 1.00, guaranteed. Trial bottle free.

CHINESE REFUSE TO BE MOLLIFIED

Continue to Boycott Everything That is American on Account of the Exclusion Law.

Peking, June 29—The extent and depth of the feeling manifested by the Chinese over the American exclusion law astonishes foreigners. Among many instances of it cited is that of a Chinese comprador who declined a lucrative appointment with an American company.

Advertisements of American goods continue to be refused by the native newspapers, and letters and telegrams from all parts of China as well as from abroad are being received urging the Central Government to take a firm stand.

China yesterday proposed to send a special mission to Washington, but American Minister Rockhill declined to entertain the idea.

Minister Rockhill has applied to the Board of Foreign Affairs to check the boycott of American goods, and Vice roy Yuan of Chili Province, has issued a proclamation on the subject, but its efficacy is considered doubtful.
